

Keep our borough moving during the Games

Richmond upon Thames will be particularly busy during summer 2012 with tens of thousands of spectators coming to the borough for the Olympic Road Cycling Races, Road Cycling Time Trials and the Torch Relay.

Transport throughout London will be under considerable pressure during the Olympic period. With so much going on in the borough there will inevitably be an impact on both local roads and public transport, particularly on the local event days below.

All of the cycling events will take place on roads in Richmond, Twickenham, Teddington, Hampton Court, and Hampton Wick.

Depending on the event, the route and surrounding roads will be closed to traffic but emergency and essential local services and access will be maintained as far as possible. Parking along the routes will also be suspended.
